Special Issue:

Toxicology in the New Century – Opportunities and Challenges
Proceedings of the 5th Congress of Toxicology in Developing Countries, Guilin, China, November 10–13, 2003

Guest Editor: A. Wallace Hayes

Preface
A. Wallace Hayes (USA) 1

Plenary Lectures
Challenges to developing countries after joining WTO: risk assessment of chemicals in food
J. Chen (PR China) 3–7
Tobacco use and control: determinants of consumption, intervention strategies, and the role of the tobacco industry
V.L. da Costa e Silva, B. Fishburn (Switzerland) 9–18
Genomics in environmental health research—opportunities and challenges
K. Olden (USA) 19–24

Symposium 1. Arsenic Contamination of Drinking Water in Developing Countries
An overview on chronic arsenism via drinking water in PR China
Y. Xia, J. Liu (PR China) 25–29
Mechanisms underlying arsenic carcinogenesis: hypersensitivity of mice exposed to inorganic arsenic during gestation
M.P. Waalkes, J. Liu, J.M. Ward, B.A. Diwan (USA) 31–38
Arsenic drinking water regulations in developing countries with extensive exposure
A.H. Smith, M.M.H. Smith (USA) 39–44

Symposium 2. Occupational Health Challenges in Developing Countries
Occupational health services in PR China
Y. Liang, Q. Xiang (PR China) 45–54
Occupational health management and service for small-scale industries in Shanghai
L. Wei, W. Shi-da (PR China) 55–61
The opportunities and obstacles to collaboration between the developing and developed countries in the field of occupational health
J. Rantanen, S. Lehtinen, K. Savolainen (Finland) 63–74
Occupational allergy as a challenge to developing countries
K. Rydzynski, C. Palczynski (Poland) 75–82

CONTENTS direct

This journal is part of **ContentsDirect**, the ***free*** alerting service which sends tables of contents by e-mail for Elsevier books and journals. You can register for **ContentsDirect** online at: **http://contentsdirect.elsevier.com**

Symposium 3. Pesticides and Health Risks in Developing Countries
Pesticide exposure—Indian scene
P.K. Gupta (India) 83–90
Pesticide exposure—Egyptian scene
S.A. Mansour (Egypt) 91–115

Symposium 4. Contribution of Life Style Factors for Acquired Susceptibility to Environmental Disease in Developing Countries
Life style, environmental and genetic susceptibility to cervical cancer
W.W. Au (USA) 117–120
Consideration of cultural and lifestyle factors in defining susceptible populations for environmental disease
N.L. Judd, W.C. Griffith, E.M. Faustman (USA) 121–133
Impact of environmental exposures on the mutagenicity/carcinogenicity of heterocyclic amines
J.S. Felton, M.G. Knize, L. Michelle Bennett, M.A. Malfatti, M.E. Colvin, K.S. Kulp (USA) 135–145
Dietary cancer and prevention using antimutagens
L.R. Ferguson, M. Philpott, N. Karunasinghe (New Zealand) 147–159

Toxicology Information Resources
The U.S. National Library of Medicine's Toxicology and Environmental Health Information Program
P. Wexler (USA) 161–168
Human exposure assessment resources on the World Wide Web
D. Schwela, P.J. Hakkinen (Italy) 169–176
Cancer information resources: digital and online sources
T.B. Junghans, I.F. Sevin, B. Ionin, H. Seifried (USA) 177–193

Workshop 1. Safety Issues in the Use of Herbal, Flavors and Fragrances
Studies on the toxicity of *Aristolochia manshuriensis* (Guanmuton)
S.-L. Hu, H.-Q. Zhang, K. Chan, Q.-X. Mei (China) 195–201
Safety evaluation of food flavorings
K.R. Schrankel (USA) 203–211
Safety issues of botanicals and botanical preparations in functional foods
R. Kroes, R. Walker (The Netherlands, UK) 213–220
Toxicological considerations of Kampo medicines in clinical use
F. Ikegami, Y. Fujii, T. Satoh (Japan) 221–228

Workshop 2. Waterborne Diseases Versus Chlorination By-Products
Microbial contamination of drinking water and disease outcomes in developing regions
N.J. Ashbolt (Australia) 229–238
Experimental cancer studies of chlorinated by-products
H. Komulainen (Finland) 239–248
Drinking water chlorination and adverse birth outcomes in Taiwan
C.-Y. Yang (China) 249–254
Risk analysis of drinking water microbial contamination versus disinfection by-products (DBPs)
N.J. Ashbolt (Australia) 255–262

Workshop 3. Poison Control Services in Developing Countries
Developing and maintaining quality in poisons information centers
H. Persson, J. Tempowski (Sweden, Switzerland) 263–266
The experience of starting a poison control centre in Africa—the Ghana experience
E.E.K. Clarke (Ghana) 267–272
New roles for poison control centres in the developing countries
A. Laborde (Uruguay) 273–277
Poison control services in China
Y.-Q. Wu, C.-Y. Sun (PR China) 279–284
Challenge and promise: the future of poison control services
A. Woolf (USA) 285–289

Workshop 4. Outdoor and Indoor air Pollutants in Developing Countries
Exposures and health outcomes from outdoor air pollutants in China
B. Chen, C. Hong, H. Kan (PR China) 291–300

Molecular epidemiological studies on the relationship between indoor coal burning and lung cancer in Xuan Wei, China
Q. Lan, X. He (PR China) 301–305
Respiratory allergy adjuvant and inflammatory effects of urban ambient particles
E. Dybing, T. Løvdal, R.B. Hetland, M. Løvik, P.E. Schwarze (Norway) 307–314

Workshop 5. Evaluation of Genetic Risks of Environmental Compounds Using Laboratory Models with Human Cells
Use of human-derived liver cell lines for the detection of environmental and dietary genotoxicants; current state of knowledge
S. Knasmüller, V. Mersch-Sundermann, S. Kevekordes, F. Darroudi, W.W. Huber, C. Hoelzl, J. Bichler, B.J. Majer (Austria, Germany, The Netherlands) 315–328
Use of a human-derived liver cell line for the detection of cytoprotective, antigenotoxic and cogenotoxic agents
V. Mersch-Sundermann, S. Knasmüller, X.-j. Wu, F. Darroudi, F. Kassie (Germany, Austria, The Netherlands) 329–340
Use of primary blood cells for the assessment of exposure to occupational genotoxicants in human biomonitoring studies
F. Faust, F. Kassie, S. Knasmüller, S. Kevekordes, V. Mersch-Sundermann (Germany, Austria) 341–350
DNA damage caused by extracts of chlorinated drinking water in human derived liver cells (HepG2)
W.-Q. Lu, D. Chen, X.-J. Wu, A.-l. Liu, H. Liu, J.-J. Wu, V. Mersch-Sundermann (PR China, Germany) 351–357

Instructions to authors 359–360
